

**2nd International Keto Live®
Sports Conference in Switzerland
13th & 14th of June 2025**

**Ketogenic Metabolic Therapies
Future Prevention & Treatment of NCD**

I dedicate this Conference to my friend, our Founding and Advisory Board Member Patricia Daly Wyss, *1980 - † 2025

Patricia lost her fight against Cancer after 16 years. As a former professional athlete, and later nutritionist and scientist she blamed the uncontrolled high carb loading during her training and competitions on the onset of her ocular melanoma.

It was her Idea to add the Keto Live® Sports Conference to our CME – Continuing Medical Education Program. To inform and educate professional athletes, and their medical and training teams about the power of food & the metabolic origin of NCDs.
